**FIGURES FOR WORLD'S
PRODUCT DURING 1900**
Where Sugar Comes From—Beet Re-
fineries Rule United Kingdom—
Java Leads the Cane
Countries.

[Special Correspondence.]
Washington, D. C., April 4.—The rapidly increasing share of the world's sugar consumption which is supplied from sugar beets is pointed out by a publication in the Monthly Summary of Commerce and Finance, just issued by the Treasury Bureau of Statistics. Under the head of "The World's Sugar Crop of 1900" it shows that the total beet sugar production of that year was 5,950,000 tons and the cane sugar crop 2,850,000 tons, more than two-thirds of the world's sugar supply being thus produced from beets. This statement is followed by a table showing the cane and beet sugar production in each decennial year beginning with 1840 and the percentage which these rival sugar plants have in supplying the sugar consumption of the world. This table shows that in 1840 beets supplied less than 5 per cent of the world's sugar consumption; by 1850 they supplied over 14 per cent; by 1870, 34 percent; by 1890, over 63 per cent, and in 1900, 67.71 per cent.

The growth of sugar consumption is also shown in a striking manner by this table. In 1840 the total sugar crop of the world was only 1,150,000 tons; in 1870, 2,416,000 tons; in 1890, 5,702,000 tons, and in 1900, 8,800,000 tons. The world's population has no more than doubled during the sixty years, probably not so much; yet its consumption of sugar is today fully eight times as much as in 1840.

The article in question begins with a statement from the London Statist to the effect that but a single factory in all the United Kingdom now refines cane sugar, all the others being exclusively occupied in preparing for the market the raw product of the beet farms of Germany, France, Austria and Russia.

The following is the estimate of the beet sugar crop for the year ending September 1, 1900, supplied by Mr. Licht:

Country.	Tons.
Germany	1,950,000
France	1,125,000
Austria-Hungary	1,075,000
Russia	890,000
Belgium	340,000
Holland	170,000
Other Countries	460,000
Total beet	5,950,000

The cane sugar crop is estimated as follows:

Country.	Tons.
Java	670,000
Cuba	500,000
Louisiana	340,000
Hawaii	230,000
Mauritius	160,000
Brazil	150,000
Peru	120,000
Demerara	90,000
Egypt	90,000
Antilles	85,000
Porto Rico	70,000
Philippines	50,000
Trinidad	45,000
Barbados	40,000
Java	30,000
Martinique	30,000
Gaudefoupe	30,000
Reunion	30,000
Total cane	2,850,000

The world's consumption of sugar in 1900 was 8,800,000 tons. The following table shows the world's production of beet and cane sugar at decennial periods from 1840 to 1900 and the percentage which beet supplied of the world's product at each period named:

Years	Cane Sugar	Beet Sugar	Total Sugar	Beet Per Cent
1840	1,100,000	50,000	1,150,000	4.35
1850	1,900,000	500,000	2,400,000	14.20
1860	1,150,000	1,250,000	2,400,000	23.41
1870	1,180,000	1,220,000	2,400,000	34.42
1880	1,850,000	1,470,000	3,320,000	41.78
1890	2,000,000	1,610,000	3,610,000	55.37
1900	2,850,000	5,950,000	8,800,000	67.71

Huntington Estate Fight.
New York, April 24.—The Journal says: War is on. It is declared, among the heirs of Collis P. Huntington for \$200,000,000 which the estate has earned since the railroad magnate's death on August 14th last. Princess Hatzfeldt, his adopted daughter, is here, and is said to be leading the fight. She was to receive \$1,000,000. If she can share in the increase it means \$371,437 for her, making her bequest \$1,371,437. Archer M. Huntington, the adopted son, will get one-fourth of that amount.

**CONSERVATIVES HAVE
A WEAK MAJORITY**
London, April 27.—The unstable character of the Government majority received a pointed illustration last night in the House of Commons during the division on many votes. Numerous divisions were taken in a thinned house, the Government majorities ranging from forty to sixty. In one case, that of the reduction of the salary of the Attorney General, the Government majority fell as low as thirty-three. At this the Liberals cheered jubilantly, for, although, as Herbert Gladstone, the chief Liberal whip, said in a speech at Leeds last night, "the Government presented all the symptoms of senile decay, but it was impossible to think of another general election or alternative move," the Liberals are pleased to see so speedily a result of the Government's war and financial policy.

The Nationalists were greatly disappointed at the outcome, because when this particular division was taken twenty-one of their members were absent. The incident caused much annoyance to the Government, especially as it is understood that an urgent whip was sent to Conservative members to be in attendance in anticipation of the vote. Four Conservatives voted against the Government and several Conservatives purposely abstained from voting, there being considerable feeling against the extravagant sums now paid to the law officers of the crown. Under the last Liberal Government the Attorney General and Solicitor General were paid fixed salaries of £19,000. Last year these two officers together received £20,000 in salaries and fees.

It is evident that, unless the Government is really riding for a fall, their whips need constantly to be on the alert in order to prevent an unpleasant surprise. The incident caused much annoyance to the Government, especially as it is understood that an urgent whip was sent to Conservative members to be in attendance in anticipation of the vote. Four Conservatives voted against the Government and several Conservatives purposely abstained from voting, there being considerable feeling against the extravagant sums now paid to the law officers of the crown. WHAT BRYAN WOULD BE
New York, April 23.—Edward Rosewater, editor of the Omaha Bee, is quoted by the Times as saying last night: "William J. Bryan, in my opinion, will be a candidate for Governor of Nebraska next year. Mr. Bryan still exerts a wide influence in the state and if he receives the gubernatorial nomination he will be a very hard man to beat. If elected Governor he will hope to secure a Democratic legislature in which event he will seek an election to the United States Senate to succeed Senator Dietrich, whose term will expire in 1905. From the best information I can get I really believe that Mr. Bryan will not look for the presidential nomination in 1904."

WANTS EMPEROR'S RETURN.
Peking, April 26.—The Chinese regulars, who retired beyond the great wall, have reappeared at another point within the international area. Strong representations have been made to the Chinese plenipotentiaries in regard to the necessity for their immediate retirement. The French force is in readiness to renew the operations, but has been ordered to await the result of the imperial edicts. Notices in Chinese were placarded during the night, calling on patriotic Chinese to rise May 15th and expel all foreigners.

Hawaiians in New Orleans.
The Bulletin has received a copy of The Daily States of New Orleans of April 15 with a marked article on the arrival there of the "King of the Midway" (W. M. Tobin) and a band of natives, some fifty in all. The spelling of the Hawaiian words used might be taken for almost anything but the conclusion of the article shows that they were meant for Hawaiian as William Coelko, the Evening Bulletin's representative, there expresses his views on several matters pertaining to the islands. Mr. Coelko pays particular attention to the questions of labor and the land laws. The paper speaks very enthusiastically of the Hawaiians, mentioning particularly the fluency in the use of the English language. However, the article shows clearly that Hawaii, even though under the Star Spangled Banner, is still looked upon as a curio.

LIPTON IS SATISFIED.
Glasgow, April 27.—The Shamrock II was undocked this morning and towed to Greenock where her sails were bent and her compass was adjusted. She will start for Southampton in tow of the Erin this afternoon. Mr. Fife accompanying her. Designer Watson inspected the challenger and expressed enthusiastic approval of her.

Kitchner's Late Report.
"Pretoria, April 26.—Since yesterday the column reports the Boer losses to be twelve killed, twenty wounded, forty-seven captured and forty-two surrendered. In addition to the foregoing, Lieutenant Reid, with twenty bushmen, captured, southeast of Commie Drift, Oliphant's river, Commandant Schoeber and forty-one Boers, together with a Maxim. Reid's men crept up and surrounded the men before dawn and opened fire, the Boers immediately surrendering." In a later message forwarding advice from General Kitchner, his brother, the commander in chief, says: "General Kitchner reports from Pardee Platz eighteen Boers killed, forty taken prisoners and 3000 cattle, 6000 sheep and many wagons captured."
